EDUCATION

Private technology school "Svijet"

September 2017 - May 2021

I have been going to the private programming school in Croatia capitol Zagreb. In the four years of the education I learned programming languages like HTML, CSS, JavaScript. I have also learned ui/ux designing of the mobile and web applications in the AdobeXD and Figma.

You can see all my previous work on the portfolio website at melicajlan.netlify.app
